Bradley Original Smoker

Bradley Stainless Steel Smoker

**Bradley Smoke Generator
 with Adaptor**

The Bradley Original Smoker is a unique smoke house. Flavor bisquettes are burned for 20 minutes each at a consistent temperature, producing clean continuous smoke, thus eliminating the high temperature gases, acids and resins that can distort the flavor of smoked food.

The Bradley Stainless Steel Smoker comes as a result of demand from commercial caterers and other smoking enthusiasts.

The Stainless Steel Smoke Generator with Adaptor is a highly adaptable unit that allows you to retrofit almost any small structure, a refrigerator for example, into a smoke house.

North America Model	BTIS1 - 120 Volts / 60Hz	BTST02 - 120 Volts / 60Hz	BTSG1 - 120 Volts / 60Hz
